

School Show RENTAL INFORMATION

All the world's a stage...

And there is no stage on Earth more magical than Tampa Theatre's to introduce an enthralled audience of youngsters to the wonders of live theatre. Built in 1926 with 1238 seats, The Tampa is a stunning atmospheric movie palace. We are centrally located in the urban environment of downtown Tampa, in the heart of Hillsborough County, Florida. Among many other national and international accolades, Tampa Theatre was recently named to the BBC's list of the "10 Most Beautiful Cinemas in the World." There aren't many guarantees in this world, but we can guarantee that your audience will be primed for the show.

Entertain, Educate, Enlighten

Tampa Theatre's mission is to entertain, educate, and enlighten generations of audiences, which is why the live school show performance base rental rate of \$500 is the lowest cost event-access to the building we have. The total charges for a typical school show are in the \$1650-\$1750 range. That includes the rent, house management, ushers, IATSE stage labor, load-in parking, bus parking, permits, street closure, police and taxes. We'll send you a detailed breakout of expense estimates along with your rental contract, and a detail settlement post-event.

Let's get this show on the road

Get set up with the Field Trip Office

Hillsborough County Public School System operates the eighth largest school system in the United States. School System policy is that no outside agency can market directly to the schools. The good news is, there is a Field Trip Program in place to coordinate the presentation of cultural field trip materials directly to teachers. They'll handle all of the public school reservation, change & cancellation orders for you, and get you an up to date copy of the School System's calendar so you can plan your performance dates accordingly. Contact Carol to get set up with the Field Trip Office.
